Dear Principal,

Sub : EHF Olympiads

Greetings to you!

EduHeal Foundation(EHF) is a **registered not-for-profit** promoted by leading educationists, corporate heads and media doyens. EHF is actively engaged in searching talented school students globally.

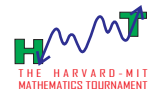

With support from our partners we hope to make this Olympiad event as India's biggest Scholarship Program. EHF, being the educational partner of Google, was spearheading the **Google Science Fair** initiative into Indian schools. Also it has partnered with **Bombay Stock Exchange (BSE)** Institute for promoting financial literacy.

Since last year we have very successfully conducted **online exams** thereby giving much needed online exposure to 1000's of students, which is the need of hour in today's competitive world. Also for ease of exam conduct we will be sending pre-printed OMR sheets for classes 1-3.

Besides fabulous prizes, students who excel at National (Level-1) and International (Level-2) will be given **International exposure** by mentoring students in Google Science Fair and Harvard-MIT Maths Tournament.
